Arredare gli spazi esterni con la stessa cura e dedizione riservata agli interni è un obiettivo importante per chi fa dell'ospitalità il proprio mestiere.

Nasce per rispondere a questa esigenza il nuovo catalogo della **Serena Group** dedicato all'arredo outdoor per piscine, giardini, terrazzi, spiagge, bar e ristoranti.

L'insuperabile fascino del design italiano, che ha le sue radici in una gloriosa tradizione artigianale, unito ad una costante ricerca di materiali e tecnologie innovative, ha portato alla creazione di questa linea di ombrelloni e gazebo di alto valore estetico, ma anche di grande affidabilità e durabilità nel tempo.

Ogni prodotto è progettato e realizzato in Italia, con materiali al 100% italiani, con la massima cura e attenzione per ogni dettaglio, ed è personalizzabile per adattarsi alle esigenze di immagine di ciascun Cliente ed inserirsi armoniosamente in ogni tipo di contesto.

Massima attenzione ad ogni richiesta, consegne rapide e puntuali, assistenza in ogni fase di realizzazione dei progetti, dal preventivo fino alla spedizione della merce in tutto il mondo, sono da sempre i punti di forza del servizio che **Serena Group** riserva ai suoi Clienti

Furnishing outdoor space with the same care and attention dedicated to the interiors is an important goal for those who choose hospitality as their profession.

To satisfy this need **Serena Group** brings you this new catalogue dedicated to outdoor equipment for swimming pools, gardens, terraces, beaches, bars and restaurants.

The unrivalled charm of Italian design, rooted in a glorious artisan tradition, together with the constant research for innovative materials and technologies, has produced this range of beach umbrellas and gazebos which combine the highest aesthetic value with solidity and durability in time.

Each product is designed and manufactured in Italy, with 100% Italian materials, with the utmost care and attention for the smallest details, and can be customized to meet the image requirements of each Client and to fit harmoniously in any kind of setting.

Full attention to each request, rapid and on-time deliveries, accurate assistance at any step of project managing, from cost estimate to delivery of goods anywhere in the world, are the strength and core of the service that **Serena Group** dedicates to all its Clients.

Décorer l'espace extérieur avec le même soin et attention dédié à l'intérieur est un objectif important pour tous ceux qui font de l'hospitalité leur métier.

Pour satisfaire cette nécessité **Serena Group** a créé ce nouveau catalogue dédié à l'ameublement d'extérieur pour piscines, jardins, terrasses, plages, bars et restaurants.

Le charme incomparable du design italien, qui a ses racines dans une grande tradition artisanale, joint à une constante recherche de matériaux et technologies innovatrices, a conduit à la création de cette ligne de parasols et gazebos qui combinent un très haut valeur esthétique à grande solidité et durabilité dans le temps.

Tous les produits sont dessinés et réalisés en Italie, en employant matériaux 100% italiens, avec soin et attention aux moindres détails, et ils sont personnalisables pour s'adapter aux exigences d'image de chaque Client, et s'harmoniser à tout type de milieu.

Attention maximale à toute demande, livraisons rapides et ponctuelles, assistance à toute étape de la réalisation des projets, du devis jusqu'à l'envoi des marchandises partout dans le monde, sont les points forts du service que **Serena Group** accorde à ses Clients.

PAN: cm Ø 350 _ 250x250 _ 300x300 _ 350x350 _ 300x400

ARBOREA
nature's breath collection

come il dio che regna nei boschi, così l'ombrellone PAN troneggia sull'ambiente circostante e ne esalta la bellezza. Come seguito fedele, lo accompagnano la sedia SILVA e il tavolo SILENO.

like the god reigning in the woods, so the parasol PAN dominates the surrounding environment and enhances its beauty. As a faithful sequel, the chair SILVA and the table SILENO follow it.

wie der Gott, der im Wald regiert, dominiert der Sonnenschirm PAN die Umgebung und verstärkt deren Schönheit. Als treue Begleiter folgen ihm der Stuhl SILVA und der Tisch SILENO.

APERTURA CON MANIGLIA AGEVOLATA DA MOLLA A GAS

L'apertura dell'ombrellone PAN avviene tramite maniglia ed è agevolata da una molla a gas che fornisce la spinta necessaria per aprirlo in modo facile e immediato.

HANDLE OPENING THROUGH GAS SPRING

The opening of the parasol PAN through a handle is made easier by means of a gas spring that provides the necessary push to open it easily and immediately.

ÖFFNUNG MIT EINEM GRIFF DURCH GASFEDERSYSTEM

Der Sonnenschirm PAN wird mittels eines Griffs geöffnet. Das Verfahren wird durch eine Gasfeder erleichtert, die den notwendigen Schub liefert, um den Sonnenschirm leicht und sofort zu öffnen.

BASE CON VANO PORTAOGGETTI

La base, che da sempre ha la funzione primaria di sostenere l'ombrellone, diventa uno spunto creativo e viene arricchita di un pratico vano portaoggetti al cui interno si trova un'utile presa USB. Nello spazio di 12 x 40 x h 23 cm si potrà anche riporre la batteria nel caso in cui si scelga l'illuminazione LED integrata o qualsiasi altra cosa si voglia depositare. Il tutto è coperto da un carter in vetroresina che oltre a nascondere le piastre di cemento si trasforma in due sedute grazie all'aggiunta di comodi cuscini.

BASE WITH STORAGE BOX

The base has always had the primary function of supporting the parasol, but now it becomes an object of creative inspiration. It is enriched with a practical storage box with a useful USB-socket inside. In the space of 12 x 40 x h 23 cm you can also store the battery, in case you chose the integrated LED lighting, or whatever else you want to store. On the top there is a fiberglass base cover which hides the cement plates. At the same time, it becomes a two-seat sitting place thanks to comfortable cushions.

STÄNDER MIT OBJEKTRÄGER-BOX

Der Ständer hat seit je die Hauptfunktion, den Sonnenschirm zu stützen. Jetzt wird er dank einer praktischen Objekträger-Box, in der sich eine nützliche USB-Buchse befindet, neu interpretiert. In einem 12 x 40 x h 23cm Raum kann auch die Batterie aufbewahrt werden, falls man die integrierte LED-Beleuchtung wählt. Das Ganze wird von einer Abdeckung aus Fiberglas geschützt, die nicht nur die Betonplatten verbirgt, sondern sich dank der zusätzlichen bequemen Kissen auch in zwei Sitze verwandelt.
